للصناعات الغذائية

**Alaws** Distribution is a trusted leader in the distribution of food and consumer goods, operating across local and international markets. With deep market insights and logistics expertise, we don't just move products — we build value, drive growth, and foster long-term partnerships.

### **The Essence**

At **Alaws**, distribution is more than delivery — it's about precision, timing, and market impact.

We are the vital link between manufacturers and shelves.

Agile in execution, strategic in reach, and committed to excellence — we move brands forward.

## FUTURE EXPANSION

**We're not stopping, we're scaling.**

Within the next four months, **Alaws** will expand its industrial footprint with:

A state-of-the-art oil packaging plant

An inline tomato paste processing line

A cleaning products manufacturing facility

These developments are part of a broader strategy to localize production, enhance value chains, and build a stronger, more self-reliant Libyan economy.

# OUR PRODUCTS PORTFOLIO

# ACACUS.. BOTTLING NATURE, NOURISHING THE FUTURE

**Acacus** exemplifies our vision of delivering excellence across essential industries. Operating within the food and beverage sector, Acacus is committed to producing high-quality products that meet the evolving demands of regional and international markets. From dairy and juices to oils, grains, and packaged foods, Acacus is a cornerstone of nourishment, innovation, and integrity.

## DAIRY PRODUCTS

Acacus offers a premium range of dairy solutions that cater to a wide variety of consumer preferences and nutritional needs.

### FRESH MILK

Available in full cream, semi cream, and skimmed varieties, our fresh milk is sourced from trusted dairy farms and processed with precision to ensure freshness, purity, and consistent taste.

### ALMOND MILK

A nutrient-rich plant-based alternative, crafted for those seeking a wholesome, lactose-free option without compromising on flavor or quality.

### EVAPORATED MILK

Perfect for cooking and baking, our evaporated milk is carefully processed to retain its rich, creamy texture while offering extended shelf life.

## CORN OIL

Acacus Corn Oil is a versatile cooking staple known for its purity and health benefits.

- It is a refined vegetable oil with a high smoke point, ideal for deep frying and everyday cooking.
- Enriched with phytosterols, it supports cardiovascular health while delivering reliable performance in the kitchen.
- Its wide usability also extends to industrial and cosmetic applications.

## \* TUNA

Acacus specializes in the supply of high-quality tuna, with a focus on two main varieties: Skipjack and Yellowfin.

- Rich in protein, Omega-3 fatty acids, and essential nutrients such as selenium, magnesium, and B-complex vitamins.
- Our tuna is responsibly sourced and processed to meet the highest safety and quality standards, suitable for retail, food service, and international markets.

## \* FRUIT JUICES

Produced in a modern manufacturing unit equipped for bottling and preservation, Acacus juices offer freshness and variety.

- We produce a wide selection of fruit juices including mango, orange, guava, grape, cherry, apple, and custom mixed flavors.
- Our juices are crafted from high-quality fruits, ensuring a natural taste profile, vibrant color, and high nutritional value.
- Whether for everyday refreshment or premium hospitality, Acacus juices deliver consistency and flavor.

## PRODUCTION AND STORAGE CAPABILITIES

The production capacity of the **ACACUS** factory is structured to meet high-volume demands with efficiency and consistency. The facility operates two primary production lines:

.. **Liter Line:**

12,500 bottles per hour

Equivalent to 18,000 cartons per day

.. **200 ml Line:**

12,500 bottles per hour

Equivalent to 9,000 cartons per day

## OUR PRODUCTS
